

Insurance estimates are provided as a courtesy to our patients. In the event that your insurance carrier pays less than the estimated amount, you are responsible for payment. Actual benefits and service totals are determined only when the claim has been processed by your insurance company.

As treatment progresses, modifications may be necessary, which could affect the fee. Should any modifications occur, the change in fee will be discussed at the earliest possible time before starting any additional treatment. Any fees discussed at time of treatment planning are valid for 90 days only.

Once a treatment plan has been agreed upon and signed, any lab work is immediately started for your benefit. If procedures are cancelled, the patient is responsible for the lab fee.

Please note that some insurance companies will substitute benefits for a silver filling instead of paying full benefits for a white (resin) filling. Please contact your insurance company if you have any questions about this.

I acknowledge that I have been informed of the above fees and proposed treatment. I understand that by not completing treatment, my oral condition may deteriorate and need reassessment in the future.
